

fun

Karting is for everyone

Calling all adventure-seeking families and speed-loving kids, mums and dads! Get ready for an action-packed ride that is exciting and a heap of fun. **Karting is the ultimate sport for all ages, starting from as young as six years old.**

It's not just about racing; it's about developing skills, making new friends, and having a blast together at the track – just for the fun of it.

Safety is our priority. There are cool karts that kids as young as 6 can drive and start racing at 7. Karting is for the "forever young" as well. (Our oldest driver is in his 80's and still loving it!)

Unleash your competitive spirit, your need for speed and create unforgettable memories as you race and drive in a controlled environment. **Let's rev up the fun like never before!**

bring a mate

The **Bring a Mate** program lets your friend(s) try something super fun with you. It lets them experience the excitement of your sport of karting in a safe, controlled environment. It allows:

- a currently licensed junior or senior driver to allow their mate to use their kart and safety gear at the track, and
- a friend or acquaintance of a licensed driver who wants to have a go, to try driving your kart and **join in the fun for free!**

Ask your Karting Australia Club when their next "Bring A Mate" day is on, so your friends can get a taste of the super speedy fun of karting.

Karting is a fun and family-friendly sport that fosters a welcoming and supportive community.

Whether you're a beginner or an experienced karter, people of all ages in the karting community are happy to assist and share their knowledge with newcomers.

If you're interested in getting involved in karting, you're in luck! There are over 60 Karting Australia Clubs throughout the country.

Our clubs serve as hubs for karting across the country. Enthusiasts and newcomers join together, share information and have fun participating and **racing** in our great sport.

So, go ahead and explore the Karting Australia Clubs in your area! Get involved in the world of karting, make new friends, and embark on an exciting journey in our exhilarating sport.

If you don't want to race you can be a **recreational karter**, driving just for fun, or become an official and have the best seat in the house!

#GIRLS RACE TOO

Motor racing is not just for boys!
More and more **girls and women** are breaking barriers and challenging stereotypes by stepping onto the grid and competing in motorsport. Where's the best place to start? Why karting of course!

RACING STARTS HERE...

Karting is much more than just a great competitive sport. It's a fun, family-friendly activity that fosters a strong sense of community both on and off the track.

The camaraderie and shared passion among participants creates a welcoming and inclusive environment for everyone involved.

It is widely recognised as a stepping stone for aspiring racers, as the majority of professional car racers began their journey in karting.

FAQ's

How much does karting cost?
The best value for money entry point into karting is the 4SS Class.

Our four-stroke Class. The 4SS engine, is budget friendly, simple to use, can be used across age groups with a few minor adjustments and gives great value for money for starters or recreational karters of all ages.

How old do I have to be to start karting?
Boys and girls, can start driving at the age of six years old and have their first race at seven years old. Karting is a sport enjoyed by people of all ages.

Where do I buy a kart?
We recommend that you purchase your karts, engines and equipment from a reputable karting retailer to ensure that the kart is suitable for your age, size and experience, along with complying with all Karting Australia rules.

How often can I race?
Most Clubs across the country host events once per month, however, there are also opportunities to race at neighbouring Clubs. When first starting out, we encourage you to complete some Social Karting Days at your local Club before embarking on your first race.

How fast do they go?
The speed of a kart depends on the age group. As a young Cadet driver, the top speed is approximately 80 km/h while Junior and Senior Drivers reach speeds closer to 100 km/h. These speeds depend on the size of the track.
